

Biochemistry of microorganisms

teachers				
	culture medium in a common microbiology laboratory		Dr. Masjedian	1
	culture medium in a common microbiology laboratory		Dr. Masjedian	
	reagents, preparation and storage,...		Dr. Masjedian	2
	Mechanism of reagents action		Dr. Mirkalantari	3
	Tests other than microbial culture in bacterial identification		Dr. Mirkalantari	4
	Interpretation and results of microbiological tests		Dr. Mirkalantari	5
	Interpretation and results of microbiological tests		Dr. Masjedian	
	Rapid tests in microbiology		Dr. Dehghan	6
	Hydrolysis of bile squaline and CAMP (practical)		Dr. Mirkalantari	7
	consumption of sugars and citrate reagent(practical)		Dr. Dehghan	8
	Oxidation and reduction test(practical)		Dr. Mirkalantari	9
	Catalase and peroxidase (practical)		Dr. Zahedi	10
	Coagulase test(practical)		Dr. Mojtahedi	11
	Decarboxylation test(practical)		Dr. Mojtahedi	12
	DNase and thermonuclease test(practical)		Dr. Zahedi	13
	Galactosidase test(practical)		Dr. Mirkalantari	14
	Testing gelatin, endole, H ₂ S production(practical)		Dr. Mirkalantari	15
