

## The effect of physical and chemical factors on microorganisms

		teachers	
	The effect of chemicals agent on microorganisms		Dr. Dehghan
	antiseptic and sterilizing chemicals and their mechanism		Dr. Zahedi
	Methods of disinfection and sterilization of microorganisms		Dr. Mirkalantari
	evaluate disinfectant chemicals		Dr. Dehghan
	Determining the minimum inhibitory concentration of disinfectant chemicals		Dr. Mirkalantari
	Microcalorimetry		Dr. Mojtahedi
	Flowcytometry		Dr. Razavi
	The effect of physical factors on microorganisms		Dr. Masjedian
	physical and antimicrobial methods and their mechanism		Dr. Mirkalantari
	Methods of sterilizing microorganisms		Dr. Zahedi
	evaluating physical factors on microorganisms		Dr. Dehghan
	standard method of disinfecting medical ( surfaces and instruments practical)		Dr. Dehghan
	autoclave and furnace( practical)		Dr. Dehghan
	filtration( practical)		Dr. Zahedi
	efficacy of antimicrobial materials ( practical)		Dr. Zahedi
	Determining the minimum inhibitory concentration of disinfectant chemicals( practical)		Dr. Zahedi
